Library	Title	Requested	Final Score
Carson City Library	Capitol City Business Resource Center	\$ 100,000	96.54
Las Vegas-Clark Co Library	Customer First Business Intelligence	90,000	90.08

Where did we get these numbers?

These figures are derived from the direct voting of the members of the LSTA review committee. Individual grants are scored and each committee member assigns a numerical value to the grant. Each grant total is then divided by the number of reviewers who voted on the project. This produces the **Final Score**.

Note: some abstentions were recorded during the voting process..

These rankings are from the review meeting held on February 3-4, 2010. The rankings are provided to the State Library Administrator. Actual awards are made once the U.S. Congress finalizes the budget and the state allotments are determined by the Federal Office of Management and Budget (OMB).
