**Call about our New FY12 Cost  
Allocation Program**

IPS performs **HIGH-QUALITY SCANNING** of essential government documents at a fraction of costs it would take to develop an in-house program.

We provide document management **PROJECT CONSULTATIONS**, to include on-site surveys and recommendations of appropriate conversion media, that can increase the efficiencies and cost-effectiveness of your records management processes.

IPS can **MIGRATE** your records to several different media, including microfilm, microfiche, CDs and DVDs. Full-color, customized labels for the CDs and DVDs can be printed directly onto the media.

Digitize your documents and photos with [DocuSign](#) or [Scanned](#) to help you manage your documents and photos. [Scanned](#) is a cloud-based document management system that allows you to scan, store, and share your documents and photos. [DocuSign](#) is a cloud-based document management system that allows you to scan, store, and share your documents and photos.
